

Upcoming MICE Collaboration Meetings - VP 10/2/2011

dates proposed for mice cm33 in glasgow in late june 2012

Mon, 16 Jan 2012 20:34:19 +0100

Dear EB-Colleagues,

Paul suggests that he could organize the meeting

Monday June 25 afternoon
Tuesday 26, Wednesday 27, Thursday 28
Friday 29 morning

Cheers

Vittorio

Hi Vittorio,

The week of 25 June I said was the best. It could start 25 June in the afternoon, ie. **1:30pm** (to allow time for European travellers) and end 29 June at noon. It is very likely that I will have to attend our Physics graduation ceremony on the afternoon of 29 June and organise a reception for our graduating class on that day so that is why I would like it to end earlier on the Friday.

Cheers, Paul
