Session Program

May 18 – 22, 2026

18th Workshop on Particle Correlations and Femtoscopy (WPCF 2026)

Diffraction II.

ELTE

Tue, May 19

4:20 PM

Diffraction II.: Diffraction II.

Session | **Location:** ELTE

4:20 – 4:40 PM

Asymmetry and scaling of elastic proton-proton scattering at high energies

Speakers

Roman Pasechnik, Roman Pasechnik, Roman Pasechnik

4:40 – 5:00 PM

Resonance production in single diffractive proton-proton scattering

Speakers

Istvan Szanyi, Mr István Szanyi

5:00 – 5:20 PM

Model-independent Levy analysis of combined ATLAS and TOTEM high energy elastic scattering data

Speakers

Andras Ster, András Ster

5:20 – 5:40 PM

Probing the dead-cone effect with hadron correlations

Speaker

Laszlo Gyulai

5:40 PM
