

**Session Program**

**18-22 May 2026**

**18th Workshop on Particle Correlations and  
Femtoscscopy (WPCF 2026)**

***Multi-body correlations***

ELTE

# Wednesday 20 May

11:10

## Multi-body correlations: Multi-body correlations

Session | Location: ELTE

11:10-11:35

### Probing Three-Body Baryonic Interactions via Triplet Femtoscopy at STAR

**Speakers**

Ke Mi, ke mi

11:35-11:55

### Two- and three-particle correlations at LHCb

**Speakers**

Marcin Kucharczyk, Marcin Kucharczyk, Marcin Kucharczyk

11:55-12:15

### Investigating three-body dynamics of p-p- $\Lambda$ via correlation functions in ALICE at the LHC

**Speaker**

Wioleta Rzesza

12:15-12:30

### First direct access to the p0-p interaction via correlation studies at the LHC

**Speaker**

Maximilian Korwieser

12:30
