

Session Program

18-22 May 2026

**18th Workshop on Particle Correlations and
Femtoscscopy (WPCF 2026)**

Baryon correlations I.

ELTE

Wednesday 20 May

14:00

Baryon correlations I.: Baryon correlations I.

Session | Location: ELTE

14:00-14:25 **Correlations of baryons and the production of clusters**

Speakers

Boris Tomasik, Boris Tomasik

14:25-14:50 **News from cluster production in heavy-ion collisions**

Speakers

Tom Reichert, Mr Tom Reichert, Tom Reichert

14:50-15:10

The Baryon Correlation Puzzle: Emerging Perspectives from Recent Studies

Speaker

Malgorzata Anna Janik

15:10-15:30

Measurements of $p-\Xi$ Correlation Functions in Au+Au Collisions from STAR Beam Energy Scan II

Speaker

Jing An

15:30
