

Developing and Running MPI applications on the EGEE and Int.EU.Grid infrastructures

Contribution ID: 4

Type: **not specified**

MPI Practical

Monday, 10 September 2007 10:45 (1h 30m)

This MPI practical gives the user a hands on look at developing and running MPI applications on the Grid. We will cover the following issues: searching the information system for MPI-compatible sites, developing JDLs and wrapper scripts, submitting applications using mpi-start, interaction with Grid storage.
