

Session Program

27-28 Jul 2026

1st FCC-ee Luminometry Workshop

Monday morning session

CERN, 40/S2-C01 - Salle Marie Skłodowska-Curie

Monday 27 July

09:00

Monday morning session

Session | **Location:** CERN, 40/S2-C01 - Salle Marie Skłodowska-Curie

09:00–09:10 Welcome and introduction to workshop

Speaker

Mogens Dam

Location

CERN, 40/S2-C01 - Salle Marie Skłodowska-Curie

09:10–09:30 The need for high precision luminosity measurement at FCC-ee

Speaker

Jan Eysermans

Location

CERN, 40/S2-C01 - Salle Marie Skłodowska-Curie

09:35–10:00 MC Generator BHLUMI for luminometry at FCC-ee

Speaker

Wiesiek Placzek

Location

CERN, 40/S2-C01 - Salle Marie Skłodowska-Curie

10:05–10:30 Radiative corrections and new physics in luminosity predictions

Speaker

Francesco Pio Ucci

Location

CERN, 40/S2-C01 - Salle Marie Skłodowska-Curie

10:35–11:00 Coffee

11:00–11:25 The LEP legacy - From a reading of the OPAL paper

Speaker

Mogens Dam

Location

CERN, 40/S2-C01 - Salle Marie Skłodowska-Curie

11:30–12:05 Interplay between MDI and Lumical designs

Speaker

Fabrizio Palla

Location

CERN, 40/S2-C01 - Salle Marie Skłodowska-Curie

12:10–12:30 Beam-beam effects on small angle Bhabha luminosity measurement

Speaker

Emmanuel Francois Perez

12:30

Location

CERN, 40/S2-C01 - Salle Marie Sklodowska-Curie
