COOL 07

Workshop on Beam Cooling and Related Topics

September 10-14, 2007
Bad Kreuznach, Germany
(organized by GSI, Darmstadt, Germany)

The workshop will highlight the state of the art in electron cooling, stochastic cooling, muon cooling, and storage of particles in antiproton and heavy ion traps. Presentations of new developments and techniques as well as of the status of existing and future facilities are invited.

The workshop will be held at the Parkhotel in Bad Kreuznach, a health resort in the center of Germany's Rhine wine growing area.
