

2027 European Edition of the International Workshop on the Circular Electron Positron Collider (CEPC), Belgrade, Serbia

8 June 2027 - 11 June 2027

University of Belgrade

Scientific Programme

The 2027 European Edition of the International Workshop on the Circular Electron-Positron Collider (CEPC) Scientific Program is organized in plenary (first and last day of the Workshop) and parallel sessions. Both in person and on-line contributions are foreseen. Parallel contributions will run in three parallel flows: Accelerator, Detector and Physics. The length of parallel contributions will span from 12-15 minutes, followed up by 3 minutes of discussion.
