

PSD10: 10th International Conference on Position Sensitive Detectors

Sunday, September 7, 2014 - Friday, September 12, 2014

University of Surrey

Scientific Program

Contributions to the program will be organised within the following themes:

Detectors for High Radiation and Extreme Environments

X-ray and gamma ray detectors

Applications in Life Sciences, Biology and Medicine

Applications in Astronomy, Planetary and Space Science

Applications in Nuclear Physics

Applications in Particle Physics and Astrophysics

Novel Photon Detection systems

Detectors for Synchrotron Radiation

Detectors for Neutron facilities

Applications in Security and Environmental Imaging

Advances in Pixel Detectors and Integration Technologies

Gas-based detection methods

Detectors for FELS and other advanced Light Sources

Applications in Condensed Matter
