

CMSDASia - CMS Data Analysis School in Taipei, Taiwan

Saturday, 15 September 2012

Continued Work on Physics Measurements (Long Exercises): Exotica displaced ν (09:00 - 10:30)

Continued Work on Physics Measurements (Long Exercises): Higgs in 4 leptons (09:00 - 10:30)

Continued Work on Physics Measurements (Long Exercises): H low mass (09:00 - 10:30)

Continued Work on Physics Measurements (Long Exercises): Physics with taus (09:00 - 10:30)

Continued Work on Physics Measurements (Long Exercises): Search for new physics with jets (09:00 - 10:30)

Continued Work on Physics Measurements (Long Exercises): Search for new physics with photons (09:00 - 10:30)

Continued Work on Physics Measurements (Long Exercises): Top and top-like searches (09:00 - 10:30)
