

International Conference on New Frontiers in Physics

Friday 15 June 2012

Friday Evening Parallel III (17:45 - 19:50)

time	[id] title	presenter
17:45	[347] Mixing and CP violation in the B and charm sectors	LOPEZ MARCH, Neus
18:10	[348] CP violation and electroweak baryogenesis in the Standard Model	BRAUNER, Tomas
18:35	[349] Searches for new sources of CP violation at BABAR	Dr SIMI, Gabriele
19:00	[350] Charmless B decays as a venue to New Physics: status and prospects	MARTENS, Aurelien
19:25	[351] Rare B decays as a probe for new physics	SCIASCIA, Barbara
