

## **Session Program**

**29 September 2008 to 4 October 2008**

## **Physics at LHC - 2008**

***Afternoon: Detector performance and early physics expectations 2***

Split, Croatia

## Tuesday 30 September

16:40

### Afternoon: Detector performance and early physics expectations 2

Session | Location: Split, Croatia

16:40-17:00

#### Jets and Missing Transverse Energy Reconstruction with CMS

**Speaker**

Didar Dobur

17:00-17:20

#### Electron and Photon Reconstruction and Identification with the ATLAS Detector

**Speaker**

Emmanuel Turlay

17:20-17:40

#### Inclusive W and Z production at LHC startup

**Speaker**

Georgios Daskalakis

17:40-18:00

#### ATLAS Electroweak Measurements with early data

**Speaker**

Kristin Lohwasser

18:00-18:20

#### Measurement of diboson production in early LHC data

**Speaker**

Vuko Brigljevic

18:20
