

Session Program

20-21 Jun 2012

MoEDAL Physics Workshop

***Highly Ionizing Particles at the LHC -
Experiment***

CERN, Globe 1st Floor

Wednesday 20 June

14:00

Highly Ionizing Particles at the LHC - Experiment

Session | **Location:** CERN, Globe 1st Floor | **Convener:** Dr Vasiliki Mitsou

14:00–14:30

Searching for Highly Ionizing Particles at the LHC with CMS

Speaker

Albert De Roeck

14:30–15:00

Searching for Highly Ionizing Particles at the LHC using ATLAS

Speaker

Philippe Mermod

15:00–15:30

The Physics Program of the LHC-MoEDAL Experiment

Speaker

James Pinfold

15:30–16:00

Coffee Break

16:00–16:30

The Quest for Cosmic Monopoles

Speaker

Zouleikha Sahnoun

16:30–17:00

The Search for Monopolium at the LHC

Speaker

Prof. Vicente Vento

17:00–17:30

Looking for Trapped Monopoles at the LHC

Speaker

Dr David Milstead

17:30–17:50

Higgs Decay to Nucleus-Antinucleus

Speaker

John Swain

17:50
