

## **Session Program**

**21 March 2012**

### **LHC students poster session**

#### ***Jets and QCD studies***

CERN, 61/1-201 - Pas perdus - Not a meeting room -

## Wednesday 21 March

17:01

### Jets and QCD studies

**Poster Session** | **Location:** CERN, 61/1-201 - Pas perdue - Not a meeting room -

#### Elastic and Total Cross Section with TOTEM

**Speaker**

Jan Kaspar

#### Diffraction Dissociation of Protons in 7 TeV Collisions at the ATLAS Detector

**Speaker**

Mr Tim Martin

#### Standard Model Jet Measurements Using the ATLAS Detector

**Speaker**

Christopher John Meyer

#### Determining the inelastic rate for the luminosity independent cross section measurement at TOTEM at the LHC

**Speaker**

Jan Welte

19:00
