Tuesday, June 19, 12

# items which were raised

- T2D, Network, perfSonar(-PS)

- ATLAS changing requirements

- Communication

- GROUPDISK vs LOCALGROUPDISK

- CVMFS & software area for local facilities

- Performances

- Federations

irfu

# items which were raised

- T2D, Network, perfSonar(-PS)

*All sites with analysis queue should become T2D*

- ATLAS changing requirements

- Communication

- GROUPDISK vs LOCALGROUPDISK

- CVMFS & software area for local facilities

- Performances

- Federations

# Network issues

- Tokyo connectivity to European T1s

  - *interaction with every single T1?*

- Beijing connection from CCIN2P3

  - *dedicated tests to be setup by CCIN2P3 network experts*

- LAL connectivity (wrt LPNHE)

  - *LAL & CCIN2P3 network experts*

- **perSonar(-PS) to be installed at all sites**

# items which were raised

- T2D, Network, perfSonar(-PS)

- ATLAS changing requirements

- Communication

- GROUPDISK vs LOCALGROUPDISK

- CVMFS & software area for local facilities

- Performances

- Federations

*All sites with analysis queue should become T2D*

*may lead to reduction of pledges resources changes should be better planed*

Thank you

Frederic for hosting the meeting
Luc for the organization

*Irfu, LAL & LPNHE for support*

Next meeting …

Next meeting … Spring 2013 in Beijing

Thank you for coming

谢谢

ありがとう

mulțumesc

Merci
