## **Magnets (AT/MEL)**

*Wednesday, 18 January 2006 08:45 (20 minutes)*

This presentation will review the major changes that have taken place on the PS and SPS magnet systems during 2005. In particular issues that could affect the restart and operation of the PS and SPS machines and their experimental areas in 2006 will be highlighted.

**Presenter:** ZICKLER, Thomas

**Session Classification:** Session 1: What Has Been Done
