

BibCirculation

Jaime García Llopis
IT-CIS-CLT

Overview

- A new Invenio module
- Management of circulation of items
Loans, requests and Inter-library loans (ILL)
- In production since August 2010

Digital document repository

Integrated library system

Items

- Item: a physical copy of a book
- Each item is attached to a record
 - At CDS, only 16% of the records have items
- Barcodes
 - Stickers and scanner

Libraries

- Manage sites and warehouses
- External libraries
Used for ILL
- Hidden libraries

Borrower interface

- Requests
 - The book will be sent via internal mail as soon as it is available
- Renewals
 - Online renewal of loans if the book has not been requested
- ILL
 - The borrower can request ILLs to the library

Librarian interface

- **Items:** add, modify and delete copies
- **Borrowers**
- **Requests:** register new request, cancel, create a loan from a request
- **Loans:** register new loan, return, renew...
- **ILL:** register, keep track of them
- **Libraries:** sites, external libraries

Automated tasks

- Invenio BibSched tasks
- Email for overdue loans
 - 3 different templates for emails
- Borrowers information update (LDAP)

Thanks
