## Session 4

Session | Convener: Boris Hippolyte

16:30-17:05 **Beam energy scan results from STAR**

**Speaker**

Paul Sorensen

17:05-17:25 **Phase diagram of hot QCD in an external magnetic**

**Speaker**

Ana Julia MIZHER

17:25-17:45

**Measurement of the beam energy dependence of the nuclear modification factor at STAR**

**Speaker**

Stephen Horvat

17:45-18:05

**"Chemical" composition of the Quark-Gluon Plasma in relativistic heavy-ion collisions**

**Speaker**

francesco scardina

18:05-18:35 **Coffee break**

18:35-18:55 **Meson Spectra and Thermodynamics in Soft-Wall AdS/QCD**

**Speaker**

Sean Bartz

18:55-19:40 **Discussion**

**Speakers**

Ana Julia MIZHER, Paul Sorensen, Sean Bartz, Stephen Horvat, francesco scardina
