## **Correlation effects in multiple hard scattering**

*Tuesday 23 April 2013 16:50 (20 minutes)*

I discuss the possible size and the observable consequences of interparton correlations in multiple hard scattering processes.

**Author:** DIEHL, Markus (DESY)

**Presenter:** DIEHL, Markus (DESY)

**Session Classification:** WG2: Low  $x$  and Diffraction

**Track Classification:** Small- $x$ , Diffraction and Vector Mesons
