

Session Program

22-26 Apr 2013

XXI International Workshop on Deep-Inelastic Scattering and Related Subjects

WG3/4: QCD, Hadronic Final States and Electroweak Physics

Marseille, Parc Chanot, Palais des Congrès
Rond Point du Prado 13006 Marseille, France

Wednesday 24 April

11:00

WG3/4: QCD, Hadronic Final States and Electroweak Physics: Joint QCD/HFS - EW session

Session | **Location:** Palais des Congrès, Sormiou | **Conveners:**
Alexander Oh, Dr Bogdan Malaescu, Claudia Glasman, Andrea Banfi, Alessandro Vicini, Markus Stoye

11:00–11:20

Production of Z0 bosons in elastic and quasi-elastic ep collisions at HERA

Speaker

Masahiro Kuze

11:20–11:40

Search for exotic heavy quark partners

Speaker

Davide Pagano

11:40–12:00

Search for exotic resonances with top quarks

Speaker

Davide Pagano

12:00–12:20

Multijet Predictions for Higgs Studies

Speaker

Jeppe Andersen

12:40
