- IPv6 package property in ETICS:
  - Add the property to ETICS;
  - Integrate the data we already have;
  - Use this flag in the IPv6 check;
  - Alberto but only for ext. components;
  - Send the data to Alberto Mathieu
  - gLite components? Mathieu
- EGEE'07 conference:
  - Contact Naregi Gabriella
  - Tutorial on the week-end?
  - Contact UK people Paola
  - Organize an internal meeting Mathieu
- MoU:
  - IPv6 specific or bi-lateral between every project pairs;
  - Alberto, Gabriella, Mathieu

- Review of the IPv6 work of other projects:
    - → EUChinaGrid: December?
    - Maybe interesting to have something earlier;
    - OSG and Naregi especially.
- ETICS:
    - Node installation: UI installation as a first step?
    - BDII installation (→ Xavier) and co-scheduling tests between UI and BDII (→ Mario) in an IPv6-IPv4 environment.
    - End of September?
- Testing:
    - GridFTP?
