## Diffraction / Final States Joint Session

Session | Location: CERN, 40-SS-C01

14:00-14:20

### Diffractive Jets, Charm and Factorisation Tests from H1

**Speaker**

Roger Wolf

14:30-14:45

### Diffractive Final States from ZEUS

**Speaker**

Alessio Bonato

14:55-15:15

### Factorisation Breaking in Diffractive Dijet Production

**Speaker**

Michael Klasen

15:25-15:40

### Photoproduction of Events with Rapidity Gaps between Jets at ZEUS

**Speaker**

Pat Ryan

15:50-16:00

### Studies for Very Forward Energy Measurements at the LHC

**Speaker**

Vladimir Andreev

16:05-16:35

### Coffee

16:35
