

Session Program

6-9 Jun 2006

2nd HERA - LHC workshop 2006

Diffraction

CERN

Wednesday 7 June

16:35

Diffraction

Session | Location: CERN, 40-5-A01 (VRVS MARS)

16:35-16:55

Central Exclusive Production of Long Lived Gluinos

Speaker

Tim Coughlin

17:05-17:15

Odderon Searches in Exclusive Vector Meson Production in pp Collisions

Speaker

Leszek Motyka

17:20-17:50

New Results on Diffraction from CDF

Speaker

Koji Terashi

18:00-18:10

Diffraction and the LHeC Project

Speaker

Paul Newman

18:30
