

Session Program

11-15 Feb 2013

13th Vienna Conference on Instrumentation - VCI2013

Plenary 2

Vienna University of Technology
Gußhausstraße 25-29, 1040 Wien (Vienna), Austria

Monday 11 February

14:00

Plenary 2

Session | **Location:** Vienna University of Technology, E17 | **Convener:** Meinhard Regler

14:00–14:20

Conception of the MedAustron Accelerator Complex and Present Status

Speaker

Dr Thomas Schreiner

14:25–15:10

Neutron detectors

Speaker

Mr Hartmut Abele

15:15–15:35

A Time Projection Chamber for High-Rate Experiments: Towards an Upgrade of the ALICE TPC

Speaker

Bernhard Ketzer

15:45

16:15

Plenary 2

Session | **Location:** Vienna University of Technology, Gußhausstraße 25-29, 1040 Wien (Vienna), Austria |

Convener: Winfried Mitaroff

16:15–17:00

Recent developments in silicon detectors

Speaker

Gianluigi Casse

17:05–17:25

DC-DC Powering for the CMS Pixel Upgrade

Speaker

Prof. Lutz Feld

17:30–17:50

LePix - a high resistivity, fully depleted monolithic pixel detector

Speaker

Dr Piero Giubilato

17:55
