Self sufficiency in training

- **EGEE DNA3.4 – Report on Training Support for VOs and External Projects https://edms.cern.ch/document/834533**

- **Primary objective in offering support for training to VOs and External Projects is to increase the self-sufficiency of these organisations/projects in running training events**

- **Training the Trainers events (TTT):**
  - "Training Trainers" events have now been held during EGEE-II – See them listed at http://www.egee.nesc.ac.uk/schedreg/
  - 1 December 2006, Sofia, Bulgaria
  - 19-23 March 2007, Taipei, Taiwan
  - 20 April 2007, London, UK

- **Multidisciplinary meeting on High Performance Computing for Computational Science**

- **2nd Austrian Grid Symposium and with 6th Hungarian-Austrian Workshop on Distributed and Parallel Systems**

- **EGEE User Forums**

- **EGEE Conferences**

  - gLite course in conjunction with EGEE'07, 29-30 September:
    - http://indico.cern.ch/conferenceDisplay.py?confId=18939

- **Usually preparation and event delivery with NA4 involvement**
  - To know what is needed
  - To know what can be offered
  - To provide tutors
  - To improve cross-activity knowledge transfer

- **Earth science – high level graphical environments**
- **EGEODE VO – 2 days site installation + 2 days on Geocluster applications**
- **VO of Central Europe – gLite + VO specific tools**
- **Russian Data Grid Community – Data management issues**

Enabling Grids for E-sciencE

- **BalticGrid**
- **BEGrid**
- **CYCLOPS**
- **EELA (E-infrastructure Shared between Latin America and Europe):**
- **EMBRACE**
- **EUChinaGrid**
- **EUMedGRID**
- **Health e-Child**
- **ICEAGE**
- **SEE-GRID**
- **EUIndiaGrid**

- **T-infrastructure support**
  - Certificates
  - Sites
  - User Interface
  - Portals
  - Accounts

- **Training material**

- **Sending tutors**

- **BalticGrid Summer School**
- **Cern School of Computing**
- **Joint EGEE and SEEGRID Summer School on Grid Application Support**
- **International Summer School on Grid Computing (ISSGC)**
- **GridKa School**
- **EELA Grid School**
- **EUMedGrid school on application porting**
- **EUChina Grid School**
- **CoreGRID Summer School**
- **Biomed grid school**

- **Bookable** t-infrastructure https://gilda.ct.infn.it/
  - gLite services (including UI)
  - High level user environments and portals
  - gLite servers in Virtual Machines
- **Ready to use** slides and practicals
  - NA3 Editorial Task Force http://www.egee.nesc.ac.uk/NA3ETF/
    - Define structure for different types of courses
    - Keep content up-to-date
  - Digital Library http://egee.lib.ed.ac.uk/
  - GILDA WIKI https://grid.ct.infn.it/twiki/bin/view/GILDA/WebHome
- **Tutors** with gLite user, application development, site installation and administration expertise
  - Contact - Gergely Sipos sipos@sztaki.hu

Enabling Grids for E-sciencE

- **Training event (workshop) for EGEE related projects:**
  - Ongoing FP6 projects
  - New FP7 projects
  - Let us know what you think, what you expect!
- **Maintain and strengthen links with NA4, with VOs and with external projects!**
- **NA3 contacts:**
  - Activity manager:
    - Robin McConnell rmcconne@nesc.ac.uk
  - Deputy
    - Gergely Sipos sipos@sztaki.hu

- **EGEE training team is gathering and prioritising requirements – survey at conference registration desk**
  - Return the survey and win a bottle of Laphroaig malt whisky!
