Enabling Grids for E-sciencE

- **2 September, 2007** Seminar: "An Analysis of Security Services in Grid Storage Systems" by Jesus Luna, **ICS/FORTH and HPCL/CS, UCY, University of Cyprus**

- **23 May, 2007** Training event: Using and Administrating EGEE Grid infrastructure Part II, **Department of Computer Science, University of Cyprus**

- **16 May, 2007** Training: Using and Administrating EGEE Grid infrastructure Part I, **Department of Computer Science, University of Cyprus**

- **4 May, 2007** Seminar: "Grid Certificates and Security", by Yiannakis Ioannou, **Department of Computer Science, University of Cyprus**

- **April 2007: New NODE for CyGRID: Intercollege** 'University of Nicosia'

- **23-24 April, 2007** Training event : EGEE User & SysAdmin, Intercollege ('University of Nicosia'), **Cyprus**

Enabling Grids for E-sciencE

- **22 November, 2006 Seminar: "World-Wide in Silico Drug Discovery Against Neglected and Emerging Diseases on Grid Infrastructures" by Nicolas Jacq, CNRS, (Clermont-Ferrand, France). Department of Computer Science, University of Cyprus.**

- **21-22 November, 2006 Training event: "Grid Technologies: Introduction and Practice" Department of Computer Science, University of Cyprus.**

- **11 September, 2006 Training event: "EGEE: Introduction to Grids" Department of Computer Science, University of Cyprus.**

Enabling Grids for E-sciencE

- **7 September, 2007 "Self-managing Grid Services for efficient data management" presentation by Anastasios Gounaris CoreGrid Summer School 2007, Budapest, Hungary**

- **31 August, 2007 "Grid Resource Ranking using Low-level Performance Measurements" by George Tsouloupas Euro-Par 2007, Rennes, France**

- **26 May, 2007 "Grid Technologies for Computational Research" presentation by Marios Dikaiakos at The ECCO XX Conference, Amathus Beach Hotel, Limassol, Cyprus**

- Forthnightly 'Grid clinics': open Lab for grid users

Future Planned events:

- **November 5-6: Training event on g-Lite**

- **December: EGEE, early steps. One day training event and Hands On workshop on "An introduction to the EGEE infrastructure and the early/basic steps needed to take utilize the power of EGEE Grid infrastructure. Processing/Storage capabilities, Security aspects, etc. "**

- **February: EGEE in a Nutshell. One day training event on "Operating systems,**

  – programming languages

  – programming techniques

  – software libraries

  – EGEE interface model (gLite, g-Eclipse, Web interfaces, etc).

  – HowTo/HowNotTo training sessions about writing jobs using script or native language programs. "
