Also (not in table)

- Trinity College Dublin - MPI course – Sept 2007
- 3 “Training trainers” courses
(with NA3 partners from Italy, Greece)
 - At CERN (Sep 06)
 - Taiwan
 - Bulgaria
 - Taiwan and Bulgarian colleagues since run courses
- Workshop for UK trainers/educators
 - promote cooperation in UK
- ICEAGE events - Biomed Grid School, ISSGC

- **Edinburgh also coordinating the ETF**
 - Currently:
 - Emidio Giorgio, Mike Mineter, Gergely Sipos
 - Goal – catalyse development and re-use of improved material
- **Links from NA3 home page <http://egee.nesc.ac.uk/> to**
 - Web page outlining purpose
 - Wiki <http://wiki.nesc.ac.uk/read/egee-na3-etf>

- **Status**
 - Phase 1 – established Induction and app dev course material
 - Phase 2 - invited submission of material that improved on this
 - Remember: goal – to catalyse exchange and improvement of material and course structuring – all NA3 contributing
 - NOT ETF's job to create all material!
- **Now in Phase 3 – need to update and gap-fill**
 - Updating induction notes and material for WMPProxy
 - App dev: now less on APIs than alternative ways to manage jobs (Ganga, P-Grade; GridWay en route)
 - sys admin and installation course – info needed

- **Continued development of repository**
 - RSS feeds
 - More video content
 - Itunes/podcast intgration
- **NA3 web site re-design and updates**

- **PEB representation**
- **User Forum PC**
- **Conference PC**
- **OGF liaison**
