## Panel session

*Friday, 5 October 2007 11:00 (1 hour)*

The topics addressed will be:

- Are the Grid middlewares converging or diverging?
- Are standards really used (and useful)?
- Web services: do they have a role in the interoperability arena?
- A Grid of Grids: just like Internet?

**Primary authors:** LAURE, Erwin; VERLATO, Marco; RIEDEL, Morris; CHATTOPADHYAY, Subrata
