

Meeting on tau Monte Carlos and related topics – IFJ PAN Cracow, 14-19 May

Summary

- for physics,
- for practical aspects.

Meeting on tau Monte Carlos and related topics – IFJ PAN Cracow, 14-19 May

- **We have discussed all aspects of the work, except may be technicalities of interfaces with novel hard processes, where we were missing devoted talk.**
- **RChL currents are ready for fits. Preliminary comparison with data is completed and looks promising. Ready for fits with multidimensional distribution, weight methods etc.**
- **Meeting defined well priorities for the future work.**
- **Thanks!**
