

## **Session Program**

**18-22 Mar 2013**

## **ICFA Mini-Workshop on Beam-Beam Effects in Hadron Colliders (BB2013)**

### ***Strong-strong and coherent beam-beam effects I***

CERN, 6/2-024 - BE Auditorium Meyrin

## Thursday 21 March

08:30

### Strong-strong and coherent beam-beam effects I

**Session** | **Location:** CERN, 6/2-024 - BE Auditorium Meyrin | **Convener:** Prof. Leonid Rivkin

08:30–09:00

#### Detection of coherent beam-beam modes with digitized BPM signals

**Speaker**

Giulio Stancari

09:00–09:30

#### BTF measurements with beam-beam interactions

**Speaker**

Paul A. Goergen

09:30–10:00

#### Beam-beam and impedance

**Speaker**

Simon White

10:00–10:20

#### Comments on Beam-beam noise and e-lens instability

**Speaker**

kazuhito ohmi

10:20
