

Session Program

18-22 Mar 2013

ICFA Mini-Workshop on Beam-Beam Effects in Hadron Colliders (BB2013)

Strong-strong and coherent beam-beam effects II

CERN, 6/2-024 - BE Auditorium Meyrin

Thursday 21 March

10:30

Strong-strong and coherent beam-beam effects II

Session | **Location:** CERN, 6/2-024 - BE Auditorium Meyrin | **Convener:** Prof. Leonid Rivkin

10:30–11:00

Coherent beam-beam modes in the LHC

Speaker

Xavier Buffat

11:00–11:30

Observed beam-beam induced orbit effects at LHC

Speaker

Michaela Schaumann

11:30–12:00

Beam-beam effects during the beam dump process

Speaker

Tobias Baer

12:30
