

VIIIth Rencontres du Vietnam - Beyond the Standard Model: Extended Fermion and Scalar Sectors, Experiment and Phenomenology

Friday, 21 December 2012

Afternoon V (13:30 - 17:25)

-Conveners: Francois Rene Le Diberder

| time | [id] title | presenter |
|-------|---|-----------------|
| 13:30 | [58] Electroweak scale Right-handed Neutrino Model: Contributions to Oblique Parameters | KAMAT, AJINKYA |
| 13:55 | [59] Electroweak scale Right-handed Neutrino Model: Contributions to Oblique Parameters (2) | HOANG, Vinh |
| 14:20 | [60] Schwinger-Dyson equations for mirror fermions self-energy | NHU LE, Nguyen |
| 14:45 | [63] Deflected Anomaly Mediation in the light of LHC results | TRAN MINH, Hieu |
| 15:10 | Break | |
| 15:40 | [25] Experiment Overview | HIROSKY, Bob |
| 16:10 | [26] Theory Overview | SONI, Amarjit |
| 16:40 | [28] Thoughts and Outlook | HUNG, P. Q. |
| 17:10 | [29] Closing Remarks | |
