

Session Program

19-21 Apr 2006

SpacePart '06

Space applications and technologies

Ruxin Conf. Center, Beihang University, Beijing
Beijing, China

Friday 21 April

14:45

Space applications and technologies

Session | **Location:** Ruxin Conf. Center, Beihang University, Beijing, Beijing, China

14:45-15:05

Theoretical and experimental studies of atomic oxygen interacting with material surfaces in low Eart orbit

Speaker

Dr Lee Chun-Hian

15:05-15:25

Recent development in scientific research ballooning

Speaker

Dr Vernon Jones

15:25
