

Session Program

19-21 Apr 2006

SpacePart '06

Particle Physics in Space

Ruxin Conf. Center, Beihang University, Beijing
Beijing, China

Thursday 20 April

09:00

Particle Physics in Space

Session | Location: Ruxin Conf. Center, Beihang University, Beijing, Beijing, China

09:00–09:20

Searching for sterile dark-matter with X-ray telescopes

Speaker

Dr A. Kusenko

09:20–09:40

The observation of high energy particles by DSP satellites during storm time

Speaker

Dr Cao Jinbin

09:40–10:00

The BESS program

Speaker

Prof. A. Yamamoto

10:00–10:20

TUS and the EECR program in Russia

Speaker

Prof. M. Panasyuk

10:20–10:40

JEM/EUSO: Extreme Universe Spae

Speaker

Dr Y. Takizawa

10:40–11:00

UHE studies from Space: a vision for the next decade

Speaker

Dr A. Santangelo

11:00
