

Session Program

19-21 Apr 2006

SpacePart '06

Fundamental Physics and gravitation

Ruxin Conf. Center, Beihang University, Beijing
Beijing, China

Friday 21 April

09:00

Fundamental Physics and gravitation

Session | Location: Ruxin Conf. Center, Beihang University, Beijing, Beijing, China

09:00–09:25 **Gravity probe B: testing Einstein at the limit of engineering**

Speaker

Dr W. Bencze

09:25–09:50 **Measurement of the Lense-Thirring effect using the LAGEOS satellites**

Speaker

Dr I. Ciufolini

09:50–10:15 **LISA and LISA Pathfinder**

Speaker

Dr W. Heinzl

10:15–10:40

ASTROD (Astrodynamical Space Test of Relativity using Optical Devices) and ASTROD I

Speaker

Dr Ni Weitou

10:40
