

Session Program

6-10 Nov 2012

**8th International Workshop on Neutrino
Beams & Instrumentation**

Future projects

CERN

Wednesday 7 November

10:50

Future projects

Session | **Location:** CERN, 60/6-015 - Room Georges Charpak (Room F) | **Convener:** Samuel Robert Childress

10:50-11:10 **Fermilab Neutrino Beams & Experiments: 2013-2020**

Speaker

Alberto Marchionni

11:10-11:30 **LBNE design overview and progress**

Speaker

Vaia Papadimitriou

11:30-11:50 **J-PARC upgrade plan/Future LBL experiment in Japan**

Speaker

Dr Taku Ishida

11:50-12:10 **NuSTORM, le-NUFACT: synergies with LBL 'technology'**

Speaker

Dr Alan Bross

12:10-12:30 **Discussion**

12:30

14:00

Future projects

Session | **Location:** CERN, 60/6-015 - Room Georges Charpak (Room F) | **Convener:** Dr Taku Ishida

14:00-14:20 **LBNO project overview and prospects**

Speaker

Ilias Efthymiopoulos

14:20-14:40 **A Short Baseline to the CERN North Area - design overview**

Speaker

Marco Calviani

14:40-15:00 **Target Station Challenges for High-Power Super-Beams**

Speaker

Dan Wilcox

15:00-15:15 **Discussion**

15:15
