

Session Program

6-10 Nov 2012

**8th International Workshop on Neutrino
Beams & Instrumentation**

Primary Beam Line Instrumentation

CERN

Wednesday 7 November

15:45

Primary Beam Line Instrumentation

Session | **Location:** CERN, 60/6-015 - Room Georges Charpak (Room F) | **Convener:** Stephen Coleman

15:45-16:00 **Proton beam monitoring and control: NuMI to LBNE**

Speaker

Samuel Robert Childress

16:00-16:15 **T2K proton beam monitoring**

Speaker

Dr Hidekazu Kakuno

16:15-16:30 **Experience with CNGS Primary Beam Line Instrumentation**

Speaker

Mr Lars Jensen

16:30-16:45 **T2K OTR system**

Speaker

Mark Hartz

16:45-17:00 **Discussion**

17:00
