

**Session Program**

**27 June 2012 to 1 July 2012**

**Low x workshop**

***Diffraction session II: Tevatron and LHC:  
hard diffraction***

Cyprus  
Paphos, Cyprus

# Thursday 28 June

15:15

## Diffraction session II: Tevatron and LHC: hard diffraction

**Session** | **Location:** Cyprus, Paphos, Cyprus

### 15:15–15:30 ALFA and AFP ATLAS Detectors

**Speaker**

Rafal Staszewski

### 15:30–15:45 Diffractive jets

**Speaker**

Vlastimil Kus

### 15:45–16:05 New results on central exclusive production at hadron colliders

**Speaker**

Valery Khoze

### 16:05–16:25 News on exclusive production of the BSM Higgs boson

**Speaker**

Marek Tasevsky

### 16:25–16:45 The ATLAS Forward Proton program

**Speaker**

Maciej Trzebinski

### 16:45–17:10 Recent CMS results on exclusive production

**Speaker**

Wenbo Li

### 17:10–17:30 Coffee break

### 17:30–17:55 Diffraction and exclusive production at CDF

**Speaker**

Dino Goulianos

### 17:55–18:15 Single diffractive gauge bosons production at the LHC

**Speaker**

Roman Pasechnik

### 18:15–18:35 Single and double $c\bar{c}$ pair production at the LHC

**Speaker**

Antoni Szczurek

### 18:35–19:30 Discussion session: diffraction at LHC, exclusive processes

**Speakers**

Christina Mesropian, Jochen Bartels, Oldrich Kepka

19:45
