

Beyond Standard Model in Particle Physics

Thursday, 19 July 2012

Susy, Exotics, DM and Dark Energy Parallel Session (15:30 - 18:10)

time	[id] title	presenter
15:30	[94] Giacomo Cacciapaglia : Extra dimensions, Dark Matter and the LHC	
15:50	[95] Matthias Lungwitz : Searches for 3rd generation squarks (Atlas)	
16:10	[96] Marco Andrea Buchmann : CMS susy searches in Z+jets+MET (CMS)	
16:30	[97] Hulin Wang : Searches for new physics with multileptons (Atlas)	
16:50	[98] Makoto Miura : Nucleon decay searches in superK	
17:10	[112] Narendra Sahu : Inert doublet DM, neutrino mass and leptogenesis	
17:30	[113] Jusak Tandean : Higgs searches illuminating light dark matter	
17:50	[114] Archan Majumdar : Dark energy from various approaches
