

Session Program

30 August 2012 to 2 September 2012

First Mediterranean Thematic Workshop on Advanced Molecular Brain Imaging with Compact High Performance MRI-Compatible PET and SPECT Imagers - Potential for a Paradigm Shift

Neurodegenerative diseases and clinical need for Imaging

Giardini di Naxos (Taormina, Sicily)

Saturday 1 September

13:30

Neurodegenerative diseases and clinical need for Imaging

Session | **Location:** Giardini di Naxos (Taormina, Sicily)

13:30–14:05

FDG and Amyloid imaging in Alzheimer's disease

Speaker

Dr A. Chiaravalloti

14:05–14:40

Molecular Imaging of Parkinson disease

Speaker

Dr A. Varrone

14:40–15:05

Neurodegeneration markers from structural MRI and FDG-PET brain images: the Alzheimer's disease case study

Speaker

Dr A. Chincarini

15:05
