

## **Session Program**

**30 August 2012 to 2 September 2012**

# **First Mediterranean Thematic Workshop on Advanced Molecular Brain Imaging with Compact High Performance MRI-Compatible PET and SPECT Imagers - Potential for a Paradigm Shift**

## ***Neurodegenerative diseases and clinical need for Imaging***

Giardini di Naxos (Taormina, Sicily)

# Saturday 1 September

13:30

## Neurodegenerative diseases and clinical need for Imaging

**Session** | **Location:** Giardini di Naxos (Taormina, Sicily)

13:30–14:05 **FDG and Amyloid imaging in Alzheimer's disease**

**Speaker**

Dr A. Chiaravalloti

14:05–14:40 **Molecular Imaging of Parkinson disease**

**Speaker**

Dr A. Varrone

14:40–15:05

**Neurodegeneration markers from structural MRI and FDG-PET brain images: the Alzheimer's disease case study**

**Speaker**

Dr A. Chincarini

15:05
