Network Connection Request Forms - External Visitor's Computer Registration

Consult the "Portable computers at CERN: Visitors" page for more information

This registration page applies for short term external visitors (i.e. people from external companies, etc.) willing to make use of the CERN campus network with their own computer during their visit. This does not apply to "CERN users", neither CERN physicists having an account at CERN, nor to any member of the CERN personnel.

I am an external visitor and want to register my portable.
 I want to register a computer on behalf of someone else.

Do you have an account in the CERN computing infrastructure? (mail,NICE,AFS).
 Yes.
 No.

You are required to fill in the External Visitor questionnaire.

Network Connection Request Forms - External Visitor's Computer Registration

Consult the "Portable computers at CERN: Visitors" page for more information

You intend to visit CERN, and want to make use of the CERN network infrastructure with a Portable PC or MAC you will bring with you onsite. Before you can get access to the CERN network, you need to fill this form and get approval from your CERN contact person (CERN staff, fellow or contract personnel).

During your stay, you are required to follow the "CERN Rules and Regulations", available by [CLICKING HERE](#).

Please fill in requested fields. Mandatory fields are marked with (*). Please do not forget to submit your request by selecting the "Send Request" button at the end of this page. [HELP](#) is available by selecting the links on this page.

Please do not use this form if you are a CERN employee, if this is the case you should use the Register Portable facility of the Network Request web interface.

Finding the hardware address for your smartphone:

Finding the MAC Address on an Android Phone or Android Tablet

ID 2820

The Media Access Control (MAC) address is a unique 12-character identifier (e.g. 00:00:00:00:00:0X) for a specific piece of hardware, like the network adapter located in Wi-Fi devices.

If you are using Optimum.net to register a Wi-Fi device, you'll need to know the device's MAC address. Registering a device allows you to access the Optimum WiFi network without having to login.

Finding the MAC Address on Your Android Tablet

To locate the MAC Address of your Android phone or Android tablet, follow these steps:

1. On the Home screen, tap the  **Menu** key and go to **Settings**.
2. Scroll down and tap **About Tablet** then tap **Status** and then scroll down to view Wi-Fi Mac address.

Finding the MAC Address on Your Android Phone

Depending on your device, attempt to follow one set of instructions listed below:

1. On the Home screen, tap the **Menu** button and go to **Settings**.
2. Tap **About Phone**.
3. Tap **Status**.
4. Scroll down to see your **Wi-Fi MAC address**.

Or,

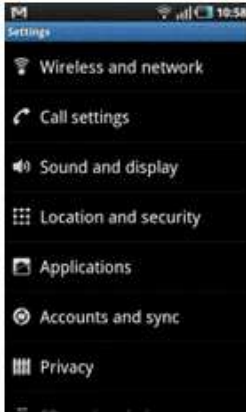

1. On the Home screen, tap the **Menu** button and go to **Settings**.
2. Tap **About Phone**.
3. Tap **Hardware information**.
4. Scroll down to see your **Wi-Fi MAC address**.

Or,

1. On the Home screen, press the **Menu** key and select **Settings**.

2. Now select **Wireless & network**.

3. Select **Wi-Fi Settings**. You will find the MAC address under the Advanced section.
