

Session Program

28 June 2012 to 4 July 2012

**International Conference on New Frontiers in
Physics**

Friday Evening Parallel III

Kolymbari, Crete, Greece

Tuesday 3 July

17:45

Friday Evening Parallel III

Session | **Location:** Kolymbari, Crete, Greece

17:45–18:10 **Mixing and CP violation in the B and charm sectors**

Speaker

Neus Lopez March

18:10–18:35 **CP violation and electroweak baryogenesis in the Standard Model**

Speaker

Tomas Brauner

18:35–19:00 **Searches for new sources of CP violation at BABAR**

Speaker

Dr Gabriele Simi

19:00–19:25 **Charmless B decays as a venue to New Physics: status and prospects**

Speaker

Aurelien Martens

19:25–19:50 **Rare B decays as a probe for new physics**

Speaker

Barbara Sciascia

19:50
