

Session Program

28 June 2012 to 4 July 2012

**International Conference on New Frontiers in
Physics**

Friday Evening Parallel I

Kolymbari, Crete, Greece

Tuesday 3 July

17:45

Friday Evening Parallel I

Session | Location: Kolymbari, Crete, Greece

17:45-18:10

Event-by-event hydrodynamics and correlations in relativistic heavy-ion collisions

Speaker

Wojciech Broniowski

18:10-18:35

Charged-hadron production in the three-sources RDM at LHC energies

Speaker

Georg Wolschin

18:35-19:00

Femtoscopic results in pp and Pb-Pb collisions from ALICE

Speaker

Dhevan Raja Gangadharan

19:00-19:25

Signatures of critical fluctuations in intermittency analysis of the proton transverse momenta in A+A collisions at the NA49 experiment

Speaker

Nikolaos Davis

19:25-19:50

Directed flow measurement in Pb-Pb collisions with the ALICE at the LHC

Speaker

Gyulnara Eyyubova

19:50
