

Session Program

28 June 2012 to 4 July 2012

**International Conference on New Frontiers in
Physics**

Thursday Parallel Session III

Kolymbari, Crete, Greece

Monday 2 July

18:10

Thursday Parallel Session III

Session | Location: Kolymbari, Crete, Greece

18:10–18:35

Unusual Interactions of a Pre-and-Post-Selected Particles

Speaker

Mr Eliahu Cohen

18:35–19:00

EPR measurement and the origin of cosmic density fluctuations

Speaker

masahiro morikawa

19:00–19:25

The ICARUS experiment at LNGS underground laboratory

Speaker

Nicola Canci

19:25–19:50

Cleaning up the cosmological constant

Speaker

Antonio Padilla

19:50–20:15

Generation of high-energy particles, neutrinos and photons in the magnetosphere of collapsing stars

Speaker

Volodymyr Kryvdyk

20:15
