

Session Program

28 June 2012 to 4 July 2012

**International Conference on New Frontiers in
Physics**

Thursday Parallel Session IV

Kolymbari, Crete, Greece

Monday 2 July

18:10

Thursday Parallel Session IV

Session | **Location:** Kolymbari, Crete, Greece

18:10–18:35

Open heavy flavor and quarkonia measurements in heavy ion collisions at RHIC.

Speaker

Jaroslav Bielcik

18:35–19:00

Charm production at LHC: an overview

Speaker

Dr Giuseppe Bruno

19:00–19:25

Open heavy flavour measurements in pp and Pb-Pb collisions with ALICE at the LHC

Speaker

Sarah La Pointe

19:25–19:50

J/Psi Measurements with the ALICE Experiment at the LHC

Speaker

Christoph Blume

19:50–20:15

Charmonium dissociation and heavy quark transport in hot quenched lattice QCD

Speaker

Dr Anthony Francis

20:15
