

Session Program

28 June 2012 to 4 July 2012

**International Conference on New Frontiers in
Physics**

Friday Afternoon Parallel I-1

Kolymbari, Crete, Greece

Tuesday 3 July

16:15

Friday Afternoon Parallel I-1

Session | Location: Kolymbari, Crete, Greece

16:15–16:40

Present and future investigations of hadron formation mechanisms in heavy-ion collisions at LHC with the ALICE experiment

Speaker

Mr Christian Kuhn

16:40–17:05

Nuclear effect in charmonium production

Speaker

Boris Kopeliovich

17:05–17:30

J/psi production in ultra-peripheral heavy-ion collisions at forward rapidity with the ALICE experiment

Speaker

Mario Rodriguez Cahuantzi

17:30
