

Session Program

28 June 2012 to 4 July 2012

**International Conference on New Frontiers in
Physics**

Monday Morning Plenary I

Kolymbari, Crete, Greece

Friday 29 June

08:30

Monday Morning Plenary I

Session | **Location:** Kolymbari, Crete, Greece

08:30–09:00 **Higgs production at the LHC**

Speaker

Charalampos Anastasiou

09:00–09:30 **Higgs Boson Searches with ATLAS**

Speaker

Kirill Prokofiev

09:30–10:00 **Higgs Boson search at the CMS**

Speaker

Somnath Choudhury

10:00–10:30

Implications of an Enhanced Diphoton Decay Width of the Higgs Boson

Speaker

Prof. Carlos Wagner

10:30–11:00

Classical and Quantum Information Acquisition: Measurement and POVM

Speaker

Prof. Gennaro Auletta

11:00
