

Session Program

28 June 2012 to 4 July 2012

**International Conference on New Frontiers in
Physics**

Tuesday Morning Plenary I

Kolymbari, Crete, Greece

Saturday 30 June

08:30

Tuesday Morning Plenary I

Session | **Location:** Kolymbari, Crete, Greece

08:30–09:00 **Highlights from the ATLAS Experiment**

Speaker

Sally Seidel

09:00–09:30 **New Results from The CMS Experiment**

Speaker

Tommaso Dorigo

09:30–10:00 **Higgs Physics as a probe of New Physics**

Speaker

Marcela Carena

10:00–10:30 **The strongly interacting Quark Gluon Plasma: from RHIC to LHC**

Speaker

Itzhak Tserruya

10:30–11:00 **Overview of results from the ALICE experiment at the CERN LHC**

Speaker

Dr Panos Christakoglou

11:00
