

Session Program

28 June 2012 to 4 July 2012

**International Conference on New Frontiers in
Physics**

Tuesday Parallel Session II

Kolymbari, Crete, Greece

Saturday 30 June

18:10

Tuesday Parallel Session II

Session | **Location:** Kolymbari, Crete, Greece

18:10–18:35 **Heavy Ion Physics Highlights from ATLAS**

Speaker

Zvi Citron

18:35–19:00 **Multiplicities from black-hole formation in heavy-ion collisions**

Speaker

Anastasios Taliotis

19:00–19:25 **Holographic Josephson junction networks**

Speaker

Vasilis Niarchos

19:25–19:50 **Holographic dilepton production in a thermalizing plasma**

Speaker

Olli Taanila

19:50–20:15 **Production and spectroscopy at LHCb**

Speaker

Andrea Contu

20:15
